NEW Pump In Style® with **maxFLOW™**

Highly effective, yet easy to use.

New Pump In Style® with **maxFLOW™** technology

Highly effective, yet easy to use

Innovative vacuum mechanism: combines Medela research-based 2-Phase Expression® technology with MaxFlow™ technology. Advanced motor generates vacuum with micro-vibrations for effective breast milk expression.

- ① Power on
- ② Switch from stimulation to expression mode once you see the breast milk coming in
- ③ ④ +/- adjust vacuum settings to find your maximum comfort vacuum

Medela's combined speed and vacuum settings are pre-programmed based on our extensive research in breastfeeding and pumping to ensure effective breast milk expression and ease of use.

Hospital Performance

Comes with **everything you need to pump** including a portable microfiber carry bag designed specifically for your Pump In Style
